# Our Mission Statement

**THE SKIN SCIENCE INSTITUTE OF LASER & ESTHETICS** (also known as Skin Science Institute in this catalog): a learning environment based on the belief that knowledge and the pursuit of education is one of the highest and most enabling characteristics of any community or society. The esthetics industry is, of course, no exception. As the industry matures the need for highly trained and professional Estheticians continues to grow. As professionals we stand on the shoulders of those who have gone before and continue to pass the torch of knowledge on to those who will come after.

As an Institution, we strive to provide our students, staff and alumni with a superior and elite educational experience including the finest facility, the most comprehensive curriculum, the highest standard of professional and experienced staff, and the opportunity for advanced job placement upon graduation.

We believe that a superior Esthetics curriculum must include Para-medical training. Graduates should be familiar with standard industry equipment, treatments, and terminology used in the fields of dermatology, laser and plastic surgery. We believe this knowledge and background is essential to providing future employers with the highest quality of fully trained and competent staff.

Graduates of Skin Science Institute leave our school with a solid educational background allowing them the opportunity of employment with the finest skin care centers, clinics and physicians' offices in the country.

In addition to providing excellence in the primary course offered by the school, it is our goal to provide our alumni with the opportunity to attend the finest and most comprehensive continuing post-graduate education available.

In coming together we believe that we can draw on the experience, education, resources and talents of both students and staff to create a rewarding and successful educational experience. By maintaining a reputation of excellence in the industry, we will continue to cultivate relationships with employers, organizations, businesses, and alumni that will be mutually beneficial and allow us continued excellence in the exciting field of esthetics.

# Enrollment Dates & Deadlines

## FOR 2022 SCHOOL YEAR

Students must be enrolled two weeks prior to the start date of their desired class. New classes begin every month on the following dates:

*Please note: If you have missed the deadline for your desired enrollment, please contact our office to check on possible availability. If there is space available, we may still be able to accommodate you.*

### **Start Dates for Instructor Internship:**

This course does not have specified start dates, students wishing to enroll may start at any time as approved by the Director.

### **Monthly Start Dates for Basic Esthetician, Comprehensive Master Esthetics and Intermediate Master Esthetician Courses:**

## 2022 DATES

# Welcome!

## WELCOME TO THE SKIN SCIENCE INSTITUTE OF LASER & ESTHETICS!

We are delighted that you are considering making Skin Science Institute a part of your education and career as an Esthetician. We understand that your choice of schools is extremely important to your education, and we hope you will find the following information helpful as you navigate the decision making process. Please let us know if we can help answer any further question that you might have!

### Sandy Campus

10299 S 1300 E  
Sandy, UT 84094  
(801) 983-0619

### Orem Campus

360 S State Street, Suite 144  
Orem, UT 84058  
(801) 983-0619

## Licensing & Accreditation

Both campuses of the Skin Science Institute of Laser & Esthetics are fully licensed as Esthetics Schools in the state of Utah through the Division of Occupational and Professional Licensing. The License number is #8641708-1111 for our Sandy Campus and #7494067-1111 for our Orem Campus. The Utah Division of Occupational and Professional Licenses may be contacted at:

Utah State board of Cosmetology | [www.dopl.utah.gov](http://www.dopl.utah.gov)

PO BOX 146741  
Salt Lake City, UT 84114-6741

(801) 530-6628

Both Campuses of the Skin Science Institute are fully accredited with The National Accrediting Commission of Career Arts & Sciences (NACCAS). They may be contacted at:

3015 Colvin Street  
Alexandria, VA 22314

(703) 600-7600

Skin Science Institute of Laser & Esthetics is owned by Skin Science Institute of Laser & Esthetics, LLC. (Ivan Smith, T. Smith)

## Student Recruitment & Advertising

Skin Science Institute of Laser & Esthetics is dedicated to providing students with adequate information to allow informed and educated decisions regarding enrollment. Any information used in recruitment or advertising can be substantiated through documentation either through the Institute itself, or independent, verifiable sources. The Skin Science Institute does not recruit students already attending and/or admitted to another school offering a similar program of study.

## Hours of Operation & Holidays

The Skin Science Institute of Laser & Esthetics is open Monday through Saturday, 8:00 am to 5:00 pm and as necessary for evening, specialty or continuing education courses. The Institute is closed to students and staff on Sunday.

**The Institute will be closed in observance of the following major holidays:**

- Martin Luther King Jr. Day
- Presidents Day
- Memorial Day
- Independence Day
- Utah's Pioneer Day (July 24<sup>th</sup>)
- Labor Day
- Thanksgiving Break (TBD)
- Winter Break (TBD)

The Institute will also be closed periodically for staff preparation and building maintenance. An updated schedule of school closures will be issued with the class syllabus at the beginning of each course, and is subject to change without notice.

## Class Hours & Schedules

The Skin Science Institute of Laser & Esthetics offers classes on the following schedules:

### **Basic Esthetician Classes & Comprehensive Master Esthetics Freshman & Sophomore Classes**

- **FULL TIME DAY**.....Monday – Friday | 8:30 a.m. - 5:00 p.m. | 37.5 hours/week
- **PART TIME MORNING**.....Monday – Friday | 8:30 a.m. - 12:15 p.m. | 18.75 hours/week
- **PART TIME AFTERNOON**.....Monday – Friday | 1:15 p.m. - 5:00 p.m. | 18.75 hours/week

First 600 hours of the Comprehensive Master Esthetician course, last 600 hours of Comprehensive Master Esthetician will be as scheduled below

### **Intermediate Master Esthetician Classes & Comprehensive Master Esthetics Junior & Senior Classes**

- **FULL TIME DAY**.....Tuesday – Saturday | 8:30 a.m. - 5:00 p.m. | 37.5 hours/week
- **PART TIME MORNING**.....Tuesday – Saturday | 8:30 a.m. - 12:15 p.m. | 18.75 hours/week
- **PART TIME AFTERNOON**.....Tuesday – Saturday | 1:15 p.m. - 5:00 p.m. | 18.75 hours/week

Last 600 hours of the Comprehensive Master Esthetics Course

**The Comprehensive Master Esthetics Course is a combination of the Basic Esthetician and Intermediate Master Esthetician Courses.**

In order to ensure completion of all course material, it is important that you select the schedule that you think will best suit your needs for the entire duration of your course. Only one schedule change will be permitted and will only be allowed at certain points during your course, and will be at the discretion of the director.

# Helpful Industry Information for Prospective Students

## **Where can I work as an Esthetician?**

The Skin Care and Clinic Industry is a fast – growing and exciting industry to be a part of. As the industry matures the need for highly trained and knowledgeable professionals is at an all-time high. Professional Estheticians are needed in a wide range of businesses. The following jobs are available with a Master Esthetician License: Assisting Doctors, Dermatologists, or plastic surgeons offices, working for Day Spas, Medical Spas, Resort or cruise ship spas, home based spas, skin care product companies, LASER manufacturers, Beauty school instructors or administrators, hospitals, vein clinics, makeup artists, eyelash extension specialist, permanent cosmetic specialist and more.

## **Where can I work as an Instructor?**

Graduated Instructors can go on to teach at esthetics or cosmetology schools. They can also work as product representatives and trainers. It is possible to parley instructor experience and training into administrative positions in the school industry.

## **What can I expect to earn as an Esthetician?**

An Estheticians wages vary greatly depending on several factors. The area in which you work, whether or not you will be commission based or salaried, your education and industry experience as well as client base all influence the wages of a skin care professional. As a newly licensed Esthetician, you can expect a lower wage than when you have gained some experience, however, the right education can improve your chances of higher wages by securing employment with an elite salon, clinic, or medical practice. As with any career, the longer you are employed by any one employer, the higher your wages will be. This takes time and effort to build. A newly licensed Esthetician may start off with as little as \$20k per year, while a skilled professional working in an elite establishment with a large and loyal clientele, may earn upwards of \$60-\$70k per year.

## **What does the licensing process entail?**

The esthetics industry is governed by the state, usually through the state board of cosmetology. Estheticians must be licensed in any state they plan to work. The requirement for licensure varies by state. It will be your responsibility to make sure you are meeting all the requirements for the particular state you are practicing in. Licensing usually begins with an application process and an examination, with fees ranging from \$50 to \$100 or more for initial licensure. Most states require licenses to be renewed annually or every two years, with renewal fees from \$30 to \$50 and up.

## **How do Skin Science Institute graduates stack up in the industry?**

For the year 2019, The Skin Science Institute had a graduate completion rate of **85.42%**. Of the students that have completed our program **100%** have passed the state board examination for the state(s) in which they plan to work. Skin Science Institute maintains a graduate placement rate of **68.9%** among graduates currently eligible for employment.

## **What are the physical and safety requirements of the industry?**

Estheticians spend a lot of time on their feet, and using their hands. It is essential that you become familiar with ergonomics and good posture. In-depth knowledge of proper sanitation and bio-hazard precautionary measures is essential as you will be working with members of the public.

# The Admissions Process

## PROSPECTIVE STUDENTS MUST SUBMIT AN APPLICATION FOR ENROLLMENT.

**In order to be admitted, prospective students must be above the age of compulsory education and provide a high school diploma or GED equivalent along with two forms of the following identification:**

- State issued photo ID
- Drivers License
- Passport
- Visa
- Birth Certificate
- Social Security Card

Applications must be completed in full and accompanied by a copy of the prospective student's high school diploma and copies of 2 forms of approved ID. Only graduating Masters Students who have graduated with Honors and maintained at least a 95% attendance and academics throughout their program are eligible to apply for Instructor Internship Program. An additional letter of recommendation, 1-page essay, and a detailed list of any industry-related outside educational classes, jobs or experiences in which you have participated is required.

The application will be reviewed, and final selections for enrollment will be made by the enrollment specialist.

Consideration will be given to related professional background, academic achievement, personal references and student essays. The Skin Science Institute of Laser & Esthetics does not discriminate based on sex, religion, age, color, race or ethnic origin.

Upon acceptance, the institute will issue an email notifying the prospective student of acceptance. This email will outline course and tuition information, along with orientation information and requirements.

New student orientation will be held in advance of the start date of each class. Orientation is part of the admissions process and attendance is mandatory. A separate meeting will need to be arranged prior to orientation to discuss pre-enrollment information including the Institutes completion, licen-sure and placement rates, along with important industry statistics and other pertinent information. A written copy of the catalog will be given to each student prior to orientation, but students will receive their student kits, lockers, combination locks, student ID cards and student uniform within the first week following their start date. Institute policies and procedures will be explained in full and student photos will be taken.

The Skin Science Institute of Laser & Esthetics allows students to re-enter a program after they have withdrawn. For more information, please see re-enrollment on page 43 in the student handbook.

## Electronic Signature Disclosure

You agree that all applicable electronic signatures are the legal equivalent of an in person manual signature. By signing electronically this contract and any other applicable documentation through Skin Science Institute is considered legal and binding.

*\*\*Skin Science Institute is approved to use DocuSign as a source of electronic documentation and signature.*

## Transferring Educational Hours

Students wishing to transfer educational hours from another licensed esthetics or cosmetology school may apply for hours transfer by completing and submitting a completed application for enrollment and submitting a copy of transcripts.

The Enrollment Specialist will review the transferring hours and make final selections based on the criteria outlined in the Admissions Policy section.

Educational hours that are more than 2 years old will be reviewed by the President and Director of The Skin Science Institute and the decision of accepting transfer hours will be made at that time. Educational hours of any kind accrued outside of licensed Esthetics or Cosmetology Schools are not eligible for transfer to The Skin Science Institute.

## Licensed Cosmetologists

Licensed Cosmetologists wishing to enroll in The Skin Science Institute of Laser & Esthetics Intermediate Master Esthetician Course must submit an application for enrollment including a copy of their cosmetology license. Due to the extensive and rigorous curriculum covered in the 600 hour Basic Esthetician Course, Skin Science STRONGLY encourages Cosmetologists wishing to specialize in skin care to complete the entire 1200 hour Comprehensive Master Esthetician Course. However for purposes of state licensing cosmetologists may enroll in the 600 Intermediate Esthetician Course.

*\*\*Please note: Intermediate Master Esthetician students are not enrolled in Skin Science Institute of Laser & Esthetics Basic Esthetician Course and are therefore not eligible to receive Skin Science Institute of Laser & Esthetics Basic Esthetician Curriculum or handouts or protocols. Essential protocols (that incoming Master students are expected to know) are covered in a mandatory orientation prior to the start date of class. Exclusions are: Skin Science Institute of Laser & Esthetics Laser Curriculum (Intermediate Master Esthetician students will exchange Spa Hours to attend the laser theory classes).*

*\*\*Please note: Students enrolled in the Intermediate Master Esthetician course will be required to give up ½ of a Junior/Senior SPA day in order to take the Freshmen Laser/Micro. Theory course. This is so that Intermediate Master Esthetician students will graduate with the full complement of Laser/Micro Theory and Practical Education.*

## High School Students

Skin Science Institute of Laser & Esthetics welcomes students from High School who want to get a head start in life. Students must meet the state requirements and successfully complete a pre-enrollment evaluation. Concurrent enrollment course offerings vary by school and district. Depending on the district, students may even be eligible for financial support. For these qualifying students, Skin Science Institute of Laser & Esthetics will match the amount of financial support received dollar for dollar. High School students are required to enroll through their District Career and Technical Education Director to qualify for financial support and receive credits towards a High School diploma. Students and/or parents/ guardians are responsible for all other expenses not covered by financial support. For all other high school concurrent enrollments, Skin Science Institute of Laser & Esthetics requires High School students to fill out a form that must be signed by their guidance counselor and High School official. Parent/ legal guardians must be present during the enrollment agreement appointment. Please see your guidance counselor for more information and details on concurrent enrollment course offerings or High School release opportunities.

## Expulsion & Re-Enrollment

**A student who has been expelled due to low attendance or academic percentage will have a one-time opportunity at the Institute Directors discretion to re-enroll within 30 days of the expulsion on the following conditions:**

- The student must submit to the Institute in writing their intent to re-enroll within 30 days of being expelled.
- For the purposes of re-enrollment Skin Science will follow the policy for transferring credit hours.
- Student's original tuition arrangements will apply and must be paid in full in accordance with the schedule outlined in the original enrollment contract.
- Student's original tuition arrangements will apply and must be paid in full in accordance with the schedule outlined in the original enrollment contract.
- Students may not re-enroll with the Skin Science Institute more than once.

## Re-Enrollment

**Students that re-enroll at Skin Science Institute of Laser & Esthetics will be enrolled with the same SAP (satisfactory academic progress) and Financial Aid status as when they left if they re-enroll in the same program they exited.**

- For the purposes of re-enrollment Skin Science Institute of Laser & Esthetics will follow the policy for transferring credit hours.
- Student's original tuition arrangements will apply and must be paid in full in accordance with the schedule outlined in the original enrollment contract.
- Students may not re-enroll with the Skin Science Institute more than once.

## Financial Aid & Payment Options

*(Available to those who qualify)*

Both locations of Skin Science Institute of Laser & Esthetics are fully accredited and participate in Federal Student Aid programs. To find out what you qualify for, students need to fill out the Free Application for Federal Student Aid (FAFSA). Visit [www.studentaid.gov](http://www.studentaid.gov) to get started. You will need our SCHOOL CODE: 041455. Once the FAFSA is complete, a student's information will be sent to our school. We will then contact you to let you know what options you will have.

As an alternative to the Department of Education financial aid options, we recommend local Credit Unions offering all types of financial options.

Cash, check or credit card payments in full are accepted. Students can also set up an in-house payment plan to cover tuition. The down payment will cover the kit cost and monthly installments will be set up over the number of months a student is in school. Tuition will be paid in full by the time the student graduates.

Please contact the Financial Aid Director for additional information on financial aid and payment options.

### GRADING PROCEDURES:

A student's overall grade is divided into two sections: theory and practical. At the Skin Science Institute there are 4 sections of study: Freshmen, Sophomore, Junior, and Senior.

#### Theory in each of the 4 sections is broken down into the following component parts:

- Theory Work/ Tests
- Homework/ Workbook
- Class Participation & Tests
- Skin Science Final Exams

#### Practical in each of the 4 sections is broken down into the following component parts:

- Freshmen - Practical Trades, Participation, Sanitations
- Sophomore, Junior, and Senior – Services/Practical Trade, Participation, Sanitations, Spa Points

Each practical test consists of several specific criteria that the student is graded on. The instructor rates the student using the following scale:

<b>94-100%</b>	<i>Excellent</i>
<b>87-93%</b>	<i>Very Good</i>
<b>80-86%</b>	<i>Satisfactory</i>
<b>79% or Below</b>	<i>Below Standards/Unsatisfactory</i>

The Skin Science Institute of Laser & Esthetics weights Theory as 60% of the final grade and Practical as 40 % of the final grade.

**Participation in each Practical or Theory Class is broken down into the following component parts:**

- Attendance-50%
- Preparation-15%
- Class Participation-35%

A cumulative GPA of 80% is required in order to comply with academic standards. Skin Science Institute students must have maintained 85% attendance and 80% academics upon graduation in order to qualify for course completion. The Skin Science Institute operates on clock hours as well as actual class attendance, and the percentage will be accumulative based on the number of possible hours available. The maximum timeframe a student has to complete the program is 118% of the allotted course schedule.

<b>94-100%</b>	<i>Excellent</i>
<b>87-93%</b>	<i>Very Good</i>
<b>80-86%</b>	<i>Satisfactory</i>
<b>79% or Below</b>	<i>Below Standards/Unsatisfactory</i>

## Comprehensive Master Esthetics Course Outline

**1,200 HOURS**

*Skin Science Course Certificate will be awarded upon completion*

**Tuition: \$14,450 + Registration Fee: \$50 (non-refundable) Kit Fee: \$2,750 (non-refundable)**

## GRADING PROCEDURES:

A student's overall grade is divided into two sections: theory and practical. At the Skin Science Institute there are 4 sections of study: Freshmen, Sophomore, Junior, and Senior.

### Theory in each of the 4 sections is broken down into the following component parts:

- Theory Work / Tests
- Homework / Workbook
- Class Participation & Tests
- Skin Science Institute Final Exams

### Practical in each of the 4 sections is broken down into the following component parts:

- Freshmen - Practical Trades, Participation, Sanitations
- Sophomore, Junior and Senior – Services/Practical Trade, Participation, Sanitations, Spa Points

Each practical test consists of several specific criteria that the student is graded on. The instructor rates the student using the following scale:

<b>94-100%</b>	<i>Excellent</i>
<b>87-93%</b>	<i>Very Good</i>
<b>80-86%</b>	<i>Satisfactory</i>
<b>79% or Below</b>	<i>Below Standards/Unsatisfactory</i>

The Skin Science Institute of Laser & Esthetics weights Theory as 60% of the final grade and Practical as 40 % of the final grade.

### Participation in each Practical or Theory Class is broken down into the following component parts:

- Attendance - 50%
- Preparation - 15%
- Class Participation - 35%

A cumulative GPA of 80% is required in order to comply with academic standards. Skin Science Institute students must have maintained 85% attendance and 80% academics upon graduation in order to qualify for course completion. The Skin Science Institute operates on clock hours as well as actual class attendance, and the percentage will be accumulative based on the number of possible hours available. The maximum timeframe a student has to complete the program is 118% of the allotted course schedule.

<b>94-100%</b>	<i>Excellent</i>
<b>87-93%</b>	<i>Very Good</i>
<b>80-86%</b>	<i>Satisfactory</i>
<b>79% or Below</b>	<i>Below Standards/Unsatisfactory</i>

# Intermediate Master Esthetician Course Outline

**600 HOURS**

*Skin Science Course Certificate will be awarded upon completion*

**Tuition: \$8,500 + Registration Fee: \$50 (non-refundable) Kit Fee: \$1,950 (non-refundable)**

**Total = \$10,500**

**Payment Methods:** Methods of payment include full by the scheduled start date, or through an approved payment plan as stated herein. Payments may be made by cash, check, money order, credit card or through non-federal agency or loan programs. Students are responsible for paying the total tuition and fees and for repaying applicable loans plus interest.

**Description:** The Intermediate Master Esthetician Course meets the Master Esthetician hour requirements for licensure in the state of Utah, and the curriculum more than exceeds the training requirements in most states in the U.S. This course is perfect for students that have an esthetician license looking to take their experience & education to the next level. The 600-hour Master course will help students complete their training by advancing their skills to work in a clinical environment.

**Objective:** Upon completion of the Intermediate Master Esthetician course, a student will have the knowledge to obtain licensure and for competency in entry level and advanced positions in esthetics.

**Teaching Methods:** Skin Science Institute provides many teaching methods to give students the best in education and a variety of teaching methods including: Lecture, Demonstration, Group Discussion, Role playing, Field Trips, Guest Speaker, and Homework Assignments.

**Pre-requisites:** Prospective students must hold a High School Diploma or GED Equivalent; student must be a U.S. citizen and/or International students must have proof of legal status. Student must have a Basic Esthetician license or Cosmetology License or transcripts.

*\*\*Intermediate Master Estheticians are required to attend the Freshman and Sophomore Laser classes. This class is attended concurrently with the Freshman and Sophomore students on a Junior/Senior Spa Day. This is done in order to complete all required hours of Laser Training offered in the Skin Science Curriculum.*

### GRADING PROCEDURES:

A student's overall grade is divided into two sections: theory and practical. At the Skin Science Institute there are 4 sections of study: Freshman, Sophomore, Junior, and Senior.

#### Theory in each of the 4 sections is broken down into the following component parts:

## Instructor Internship

### 300 HOURS

**Description:** Our Esthetician Instructor course meets the hour requirements for licensure as an Esthetics Instructor in the state of Utah. The esthetics instructor license also qualifies licensees to engage in apprenticeship. Accelerate your ability to branch out in the esthetics industry in just 300 hours instead of 1000 hours of documented services needed for license by verification (up to 2 years).

**Objective:** Upon completion of the Esthetics Instructors Course you will obtain knowledge in lesson preparation, teaching styles, and handling difficult situations in the classroom.

**Teaching Methods:** The premise of the Esthetician Instructors course is hands-on learning while shadowing a licensed instructor or administrative staff member. Milady's Master Educator textbook is used and is the primary source of information for homework assignments and projects.

**Pre-requisites:** Must have completed the Master Esthetic Program or attain a Master Esthetics License. Fee may be waived for Skin Science Honors' graduates.

**Curriculum:**

<b>Subject</b>	<b>Hours of Instruction</b>
Learning Exercises, Assignments & Journal	<b>40</b>
Class Dissection & Lesson Planning	<b>40</b>
Grade Entry, Attendance & Records Mgmt.	<b>40</b>
Instructor Shadowing & Classroom Aide	<b>80</b>
Student Spa Management	<b>80</b>
Final Project	<b>20</b>

## GRADING PROCEDURES:

A pass or fail is given upon completion of required hours. A grade is given based on completion of hours, homework and final projects based on the following scale:

A cumulative GPA of 80% is required in order to comply with academic standards. Skin Science Institute students must have maintained 85% attendance and 80% academics upon graduation in order to qualify for course completion. The Skin Science Institute operates on clock hours as well as actual class attendance, and the percentage will be accumulative based on the number of possible hours available. The maximum timeframe a student has to complete the program is 118% of the allotted course schedule.

<b>94-100%</b>	<i>Excellent</i>
<b>87-93%</b>	<i>Very Good</i>
<b>80-86%</b>	<i>Satisfactory</i>
<b>79% or Below</b>	<i>Below Standards/Unsatisfactory</i>

## Student Kits

Usually issued within the first week of starting, you will receive your kit upon registration and payment. The supplies in this kit are the tools for your success during your time here at the Institute. It is extremely important that you take care of your kit and the supplies inside it, as you will be using them every day for the duration of your education. We provide you with a student kit so that you may practice your new skills on your personal time. This will be necessary for your academic success in your course of study.

If for any reason, a student kit needs to be replaced after it is received it will be the student's financial responsibility and obligation. It is in your best interest as a student to take care of your kit and all items in it. Use it frequently!

A base kit will be given at orientation for all programs of study. Basic or Intermediate Master Esthetician Students will receive the additional supplies for their program. Comprehensive Master Esthetician Students will receive all supplies listed below.

### BASE KIT

- Wrap
- Two fitted Sheets
- Headband
- SSI bag
- Two Pair of Gray Scrub Tops and Bottoms
- Milady's MindTap
- Student Handbook
- Chromebook

### BASIC KITS

- Basic Protocol Book
- Waxing Kit
- Basic's Image Product Kit
- HoneyBee Lash Extension Kit

### MASTERS KITS

- Master's Image Product Kit
- Master's PCA Product Kit
- Master Protocol Book

*(Subject to change)*

Any additional scrubs or other apparel will be available for purchase. Check with your instructor for a current student price sheet.

The Institute will provide all disposable supplies and back bar products used in the practical classes or student spa for hands on instruction and experience, however, students will be required to use products from their student kits to perform additional trades.

## Other Benefits of Studying at Skin Science Institute of Laser & Esthetics

One of the most important parts of a student's overall education is the actual facility in which studying will be taking place. At Skin Science Institute of Laser & Esthetics, we believe that each student should be provided with a professional, organized environment, as well as an atmosphere conducive to knowledge, learning and personal growth. Here are some benefits of studying at Skin Science Institute.

**Small Class Size:** Skin Science Institute maintains a 20:1 student per instructor ratio within the classroom. Small class sizes allow for greater instructor involvement, as well as in-depth student participation. Small class sizes also allow our instructors to answer your questions in greater detail and provide each student with a personalized approach to learning.

**State-of-the-art Facilities and Equipment:** Skin Science Institute is divided into practical and theory classrooms, and a full student spa. In keeping with a standard of excellence, the Institute keeps and maintains advanced and current equipment for students to work with and receive training on. This includes ample back bar products and supplies. Each student has access to all supplies and implements needed to ensure a proper and extensive hands-on esthetics education including: updated sanitation equipment, state of the art esthetic service machines and designated service rooms with all the necessary spa equipment.

**Hands-On work stations:** Skin Science Institute includes hands-on workstations for every 2-3 students, allowing greater participation and more practice time with equipment and treatment protocols. The Institute provides this to ensure students have a great deal of hands-on practice in the classroom to provide a high level of comfort and professionalism upon beginning clinical work on members of the public.

**Comprehensive Curriculum:** The Skin Science Institute curriculum was developed to provide a high standard of comprehensive, current & cutting-edge information available in the esthetics industry. Skin Science Institute has worked extensively with CIDESCO, an internationally recognized esthetics certification, in order to deliver a well rounded education similar to the CIDESCO standard. Upon graduation, a student will feel confident in their knowledge and skills as a skin care professional. Skin Science Institute goes above and beyond state requirements, providing students with the tools necessary to be the best skin care professional in the industry.

# Scholarships

## **UTAH HIGH SCHOOL GRADUATE SCHOLARSHIP**

This scholarship is available for students graduating from a Utah High School anytime during the previous 12-month period. In addition to the scholarship application and essay, please provide a copy of your high school diploma from a Utah high school.

## **OUT-OF-STATE STUDENT SCHOLARSHIP**

This scholarship was designed for students moving into the state of Utah for the purpose of attending Skin Science. In addition to the scholarship application and essay, please provide a copy of three (3) of the following: out-of-state ID, pay stub, utility bill, school transcripts or other proof of out of state residence.

## **ACADEMIC SCHOLARSHIP**

This scholarship has been designed for students who have either graduated from high school or have attended another educational institution within the past 24 months and can provide academic transcripts maintaining a GPA of 3.6 or higher. In addition to the scholarship application and essay, please provide official transcripts for courses which have been completed within the past 24 months.

## **RETURNING STUDENT SCHOLARSHIP**

Many of our applicants are in a different place in their lives than a 'traditional' student. Maybe you have been a full-time mother and are ready to get back into the workforce. Or perhaps you are unsatisfied with your current career and you are now interested in Esthetics. This scholarship is for you. Fill out the scholarship application.

## **ESTHETICS EXPERIENCE SCHOLARSHIP**

This scholarship was designed for students who have previously worked in industry related jobs that wish to continue their education and career by becoming licensed. In addition to the scholarship application and essay, please provide a resume documenting all industry related work experience, organizations and activities.

## **LICENSED COSMETOLOGIST SCHOLARSHIP**

This scholarship was designed for Licensed Cosmetologists wishing to continue their education and move forward in their career by specializing in Esthetics. This scholarship is available to licensed Cosmetologists enrolling in the Skin Science 1200 hour Comprehensive Master Course, for the purpose of offsetting the cost of additional, specialized education. Please complete and submit the Scholarship Application along with additional documentation.

## **DEPENDENT STUDENT SCHOLARSHIP**

This scholarship was designed for students who are considered dependent by FAFSA and struggling with funding tuition. Please complete and submit the Scholarship Application along with additional documentation.

## Scholarship Information & Instructions

**Instructions:** To apply for any of the above scholarships, please complete and submit a Scholarship Application. An essay is required. Please note that students will not be awarded more than one scholarship.

**Considerations:** The Skin Science Institute admissions department will review applications. Selections will be based on applicable qualifying criteria, as well as the Scholarship essay. We like to see well-rounded students, students from various backgrounds, and students that have carefully considered their career options. We do pay attention to grammar and punctuation.

**Application Due Dates:** Scholarships applications are due TWO WEEKS before the start date of the class you will be attending. Final selections will be made one week before the class starts. Students will be notified by email.

**Award Amounts:** If awarded, a scholarship will generally range from \$500 to \$1000. The award will apply directly to tuition and will not be a cash refund award.

*For any financial aid or tuition related questions, please contact our financial aid officer.*

## Faculty & Staff

### **SHELBY MARVIN | Sandy Campus Director, Licensed Master Esthetician and Instructor**

After high school Shelby decided to attend NIMA to pursue a career in esthetics. She fell in love with the industry and making people feel comfortable in their skin. Which is what she feels is the most rewarding part of being an esthetician. After being in the industry for a few years, Shelby decided to share her knowledge with estheticians in training! She continued to progress with her teaching experience and quickly grew into the Director position. This has become the perfect fit for her as she continues to educate and guide students. Aside from esthetics, Shelby loves to spend time with her family and go camping (with lots of sunscreen OF COURSE!)

### **KASSI HARRIS | Spa Director - Licensed Master Esthetician and Instructor - Sandy Campus**

Kassi earned her Master Esthetics License at Skin Science Institute. Growth and education are two words she would use to describe her experiences as an esthetician. After building her clientele at multiple spas she decided to invest in a studio which is known for lashes, brows, and acne treatments. Kassi strives to bring out the glow she knows everyone has within. Kassi also completed the MedSpa internship at Skin Science Institute with Selarom Plastic Surgery and thrived in educating clients on the best treatments for their specific needs. While Kassi offers a wide variety of decadent and invigorating holistic treatments she is continuously striving to achieve those long-term results through advanced means! Kassi is technique driven and always continuing her own education through research and extended courses in progressive technologies and leading procedures.

### **JESSICA FRIEDRICHS | Licensed Master Esthetician and Lead Instructor - Sandy Campus**

Jessica was born in McKinney, Texas and was raised in Texas until the age of thirteen, when her family decided to move to Draper, Utah. She has been living in Utah ever since and got her associate degree from Utah State University after deciding that her original plan of being an Elementary School teacher was no longer her passion. She had always loved the beauty industry, so she decided to attend NIMA and graduated with her Master Esthetician's license. After several years working in the industry, she decided that she wanted to have a hand in the training and education of the next generations of estheticians. Now she teaches at Skin Science and enjoys every minute of the work she does and loves helping students achieve their goals. Her favorite part of being an Instructor is seeing students go from unsure and nervous when they begin, to confident in themselves and their abilities when they graduate. Her favorite treatments to perform include waxing, chemical peels, and microneedling; when Jessica is not teaching, she loves spending time with her family, friends, and of course her fur babies!

### **OLIVIA ANDERSON | Licensed Master Esthetician and Instructor - Sandy Campus**

Olivia grew up in Sandy, Utah and graduated from Hillcrest High School. After a lifelong passion for all things beauty, she decided to attend Skin Science Institute. She graduated with honors as a Master Esthetician. After graduating, Olivia worked at a local spa while working toward her goal of opening her business. Olivia now owns and operates her own spa performing all her favorite treatments; Microneedling, facials, brow lamination, and chemical peels. Olivia is thrilled to now be able to instruct and share her passion for esthetics and this wonderful industry with anyone who will listen. In her free time, she loves spending time with her husband, eating yummy food, and traveling!

### **VANESSA PETERSON | Orem Campus Director, Licensed Master Esthetician and Instructor**

Vanessa Peterson grew up in Payson, UT and graduated from Payson High-school the year of 2016. After working 4 years in retail management, she decided to pursue a career as a Master Esthetician at Skin Science institute. Soon after completing her course she was brought on as the student spa receptionist at the SSI Orem campus. Vanessa finds joy in bringing confidence to clients, students, friends, and family through teaching the importance of skin health. Her favorite treatments include all things clinical such as chemical peels, microneedling and laser hair reduction. Vanessa has obtained her instructors license so that she may continue to learn with and educate those around her.

**CAMRI CAHOON | Spa Director, Licensed Master Esthetician and Instructor-Orem Campus**

Ever since Camri was little, she has been passionate about helping others feel confident and beautiful. When people asked her what she wanted to be when she grew up, her response was always, "a makeup artist!". That dream is ultimately what drove her to enrolling in an esthetics school. She attended Renaissance Academy during her senior year of High School. Once she learned more about the medical side of Master Esthetics, she knew that was what she wanted to do forever. Upon graduating, she worked at Avanlee Medical Spa where she found a love for all things laser! Getting to know clients and helping them to feel confident is what she believes makes this the best industry. She feels so lucky to be back in a school setting and to now be teaching students about what makes her so happy.

**SACHI METEKINGI | Licensed Master Esthetician and Lead Instructor - Orem Campus**

Sachi grew up in Georgia and moved to Utah to attend the vocal performance program at BYU. After deciding that a career in the esthetics industry would be more rewarding and family-friendly, she dropped out of BYU and enrolled in the Master Esthetician program at Renaissance Academy. Upon graduation, Sachi worked at Mandala Beauty Lounge, offering various esthetics treatments. Sachi has always had a love for knowledge, leading her to pursue a career change and become an instructor. Her favorite treatments are micro needling, chemical peels, and lash lifts. Outside of work, Sachi likes to spend time with her husband and her puppy. Sachi is so excited to have the opportunity to mentor and teach upcoming estheticians, as well as to continually expand her knowledge through personal study and extended courses.

**MARIAH WEBBER | Licensed Master Esthetician and Instructor - Orem Campus**

Mariah is from Orem, Utah. She Graduated from Skin Science institute with her master esthetician license. After school she went and worked for a medical skincare distributor for two years. She worked alongside with many skincare companies growing a relationship with them. However, she loved the time spent at Skin Science Institute and wanted to return to help students with their education in esthetics. Her favorite services are Chemical Peels and Laser treatments. She loves watching the students find their passion and support them along the way. Outside of esthetics she loves to ski and bake.

**ASPEN MCCUNE | Financial Aid Advisor - Sandy & Orem Campus**

Aspen has been working in the Finance Industry for over 4 years. She is very passionate about working with students while helping them to achieve their dreams. Aspen is dedicated to assisting each and every student while maintaining the highest level of customer service. Aspen is avid in the Health and Wellness Industry and is always looking to build upon her knowledge. When Aspen is not working she enjoys skiing, hiking, camping, boating and anything that involves being active or outdoors.

**ELISE SMITH | Enrollment Specialist - Sandy & Orem Campus**

Elise has always loved the health and beauty industry and enjoys learning all she can about skin, beauty and product knowledge. She has been a part of the esthetic industry for over 10 years. With her knowledge and experience, she is dedicated in helping students find their way in the esthetic industry and hopes to share her commitment to this school with each one of them. She has worked with youth for many years and enjoys counseling and helping students with their needs. She received an education in Psychology and is thoroughly satisfied in the direction her career has gone. She also has a passion for guidance counseling and helping students accomplish their goals. She hopes to continue to help this school succeed and grow as well as help others accomplish a fulfilling career in the esthetics industry.
